

The Win

Provide ministry to families or individuals who have experienced a crisis due to a natural disaster.

Guidelines

This TEAM will prepare for inevitable issues that arise and position themselves to ministry after a devastating event.

Due to the wide range of disasters and resulting needs, there are many facets to this Community TEAM. The following is just a sample of ministry opportunities:

1. Food, water, clothing, and shelter for those affected.
2. Community rebuilding and restoration.
3. Debris cleanup and removal.
4. Crisis Counseling
5. Long-term recovery support.

TEAM Members Needed

The members needed for this ministry are many and varied depending on the nature of the event. The following are just some needs that could arise.

1. Clean up crew with trucks, trailers, and chain saws.

2. Roofers and those with restoration experience.

3. Volunteers to be there for encouragement and support who can also counsel and pray with those affected.

4. A Coordinator of the collection and distribution of food, water, and clothing.

The TEAM Leader of the Disaster Relief Ministry will be in direct contact with an HCC Staff Member and also with local Disaster Relief officials. The TEAM Leader will direct several leaders within his or her TEAM. These support leaders will then be over their respective TEAMS depending on their expertise and experience.

This TEAM will need numerous volunteers that will need to be flexible and ready to serve whenever a crisis occurs.
