

The Win

Create a safe environment for all age-groups worshipping on the HCC Campus.

Guidelines

Meet with Cliff and James for briefing and guidelines in order to meet certain criteria.

Arrive no later than 30 minutes prior to church start time and be positioned in your assigned location.

Wear your Security Vest at all times while serving so that, in case of an emergency, people will know exactly who to approach and where to go for assistance.

Connect with your Security Team Leader upon arrival in order to receive any needed details that could arise.

It is vitally important that each member of the Security Team be in their designated locations. It is also important not to gather and fellowship instead of fulfilling your ministry objective. Remember, people are counting on you to be where you should be in the case of a situation.

Be familiar with the building and special events at church. Also be familiar with all protocol of the HCC Security Team.

If you will miss your opportunity to serve, please inform your team leader as soon as possible.

TEAM Focus

To provide a safe environment for peoples to worship at HCC. Please note that in addition to this focus, we also want to provide the appearance of HCC as a safe place. We do not want to put fear into the hearts of people attending HCC so put a smile on your face and encouragement in your voice. No need to look like you are bodyguards for secret service. Instead, you are there to be a blessing for a worship service.

TEAM Members Needed

1. Security Ministry Leader that organizes the ministry and schedule along with staff support from Pastor Cliff Lazenby.
2. Security Team Leader is James Clark. His contact is 601-596-5202 and jameswclark6@yahoo.com
3. Those who are part of the Surveillance Team and a separate Response Team
